build a super awesome ramp

★ Highest jumps

Jim and Jumpy love jumping over hills, bridges and ramps together. They whiz towards them and take off. Wow - what a great feeling! But for the last few days, the two of them haven't had time for jumping. They have been spending all their time in the garage. Why? Well, they are working on something very special: Jim and Jumpy are making their very own ramp!

All sorts of sounds can be heard coming from their garage: 'whirrrrr' - 'tap tap tap' - 'buzz'. Jim and Jumpy use a hammer, drill and screwdriver. While they work, they dream about what it will be like to jump over their very own, mega high, super cool ramp. They feel sure that they will be able to do mega high, exciting jumps. At last, their first home-made ramp is finished!

★ The ramp becomes colourful!

The two of them drive to their favourite track. 'This is the perfect spot for our ramp,' says Jumpy. 'Let's go!' cries Jim excitedly. But then they feel drops of water falling on them. Oh no, it's raining! They soon realise that the ramp is now much too slippery to jump over safely. Disappointed, they go home. Now, their lovely ramp is all wet. It got a bit muddy on the way home too. 'What shall we do now? The ramp doesn't look good any more!' says Jim. He looks at the dirty ramp and has a great idea: 'Let's paint our ramp in bright colours!'

Jumpy loves that idea. First, they wipe the ramp until it is clean and dry, then they paint the surfaces to make them all colourful. How fantastic! Now, the ramp looks perfect! The next morning, the sky is bright blue and the sun is shining. 'Yippee! Now we can try out our new ramp at last,' cry Jim and Jumpy. They can't wait.

★ Almost like flying!

Finally, the pair get to the the start of their favourite track. In front of them, the beautiful ramp shines in the sunlight. Jim and Jumpy whiz happily around the bend and onto their fabulous ramp - and they take off. They feel so light - it's almost like flying! 'That was great!' cries Jim happily when they land. 'Let's do it again!'
